Just want to say thank you to everyone who organised and helped with Tilbury IV. We all had a fantastic time, would definitely recommend everyone going there next year! **This was the best organized IV I have ever attended.** Thank you!

Given the discussions we had on here last summer about giving credit where its due (and accepting that I'm totally biased):

Tilbury House put on a fantastic show last week. For next to no money they provided accommodation that wouldn't embarrass Worlds and levels of free food/alcohol that would. What's more, the organisers made sure that everything that could be done to ensure we had a good time was done.

I would add Tilbury to my list of tournaments that every debater should have a crack at before they get too old (others include Koc, Oxford, Rotterdam etc)...

Anspannung und Nervosität war ihnen deutlich anzumerken: Rund 80 junge „Streitlustige“ - Elitestudenten aus ganz Europa - nahmen am Finale des internationalen Debattierturniers teil, das am Samstag im Spanischen Bau des Kölner Rathauses ausgetragen wurde. „Tilbury House Intervarsity“ nennt sich der Redekunstwettbewerb in englischer Sprache, der in diesem Jahr von Doktoranden und Wirtschaftsstudenten der Kölner Universität organisiert worden war.

Once again - thank you for an incredibly organized IV tournament, taking care of us and wonderful time in Cologne! Hope to see you all next year - Tilbury team was the best
